Dear guests,

we act on behalf of the count palatine.

When the count palatine anchored at PIER 28 in Erbendorf after his long journey across the oceans, he left us a legacy:

„You shall build a steak-house on the west bank of the Fichtelnaab river. The Bavarians shall get the best meat I could find at the piers of the harbours around the world. And don't forget the meat rolls from New York!“

Enjoy yourselves and bon appetit!
